

CTA University Credit Program

Earn University Credits for Salary Advancement

Hello Educators,

CTA has a great opportunity for you to earn up to six University Units at no charge. Many universities charge \$300-\$400 or more per unit. As a member benefit, CTA will cover the cost for up to six units through our partner, CSU Chico.

Advance on Your Salary Schedule

Most districts accept University Credit to advance on your salary schedule. **CTA Members who have submitted CTA-paid University Credits to their districts saw an average salary increase of \$3,300!**

How Can You Earn These Units?

It's flexible! Earn professional development hours from CTA to claim your CTA-paid university units. Learn at your own pace by streaming recorded workshops on-demand via the CTA Virtual Pass to Online Learning. Access to over 300 on-demand workshops is free and part of your CTA member benefits.

Alternatively, attend an in-person CTA conference, where you'll connect with other educators and learn from experts in your field.

Whether you prefer learning on your own schedule or attending a live conference (or both!), we've got you covered. Tailor your learning experience to suit your style and schedule.
